MEMORANDUM FOR THE RECORD

SUBJECT: DPD Survey

25X1 1. [] telephoned this morning and said he
had just received the DPD comments on our survey. He noted that a reply
to the DCI was required by 15 April, and wondered whether we would agree
to extend the deadline a week or so in order that the comments could be
25X1 coordinated with the [] whose position had been created since the sur-
vey and who had an obvious interest in parts of it.

25X1 2. I told Hall that since the deadline had been set in a memo signed
by the DCI I could not officially set it aside. However, I said we were in
no hurry ourselves and I doubted that DCI would care. I suggested he phone
25X1 [] and simply inform him that the reply would be delayed a week
25X1 or so -- just in case [] maintaining a tickler file.
